

PI -2.2 Annual Procurement Report of Previous year 2025-26**Format for Annual Procurement Report - PI 2 (2) under DLI -5****ULB Name: Tiruchirappalli City Corporation****Reporting Period:FY 2025-26****1 Introduction (brief overview of the procurement activities during the reporting period)**

Tiruchirappalli City Corporation is responsible for the planning, construction, repair, renovation, operation, and maintenance of various civic infrastructure and public utility services within the Corporation limits. These include roads, storm-water drains, culverts, water supply infrastructure, Underground Sewerage Systems (UGSS), Sewage Treatment Plants (STPs), public buildings, markets, community halls, parks, playgrounds, and other public and open spaces.

The Corporation implements infrastructure and development works through various Government of India and State Government schemes, as well as through its own funds and other aided project funds. The works are undertaken based on the requirements and priorities of the Corporation and the guidelines of the respective schemes.

Major schemes and programmes under which works are implemented include AMRUT, SBM, CGF, Aided Projects, TURIP, SFC, NULM, NUHM, School Improvement Works, I&A, and other Government-funded programmes. The procurement activities associated with these works cover the procurement of goods, execution of civil and infrastructure works, and engagement of consultancy services.

Through these programmes, the Corporation undertakes development and improvement of essential civic infrastructure, enhancement of public amenities, strengthening of urban services, and improvement of the overall quality of life of citizens.
